

LEMAR Plans May Day Puff-in

Joe Mulkey

1967

Two months ago Detroit LEMAR started planning a Law Day (Law Day is May 1st) Puff-in for Love. The group has written various LEMAR groups in both the East and West coast suggesting that this could be coordinated on a national level with Puffins taking place in love centers across the country.

Rather than limiting the puff-ins to one area, i.e. marijuana, LEMAR will expand it to human be-ins all across the country taking place on April 30th, the Sunday preceding Law Day. This would bring the local tribes together and still allow the Detroit Community to share the total love-consciousness of all groups across the country.

The location of Detroit's Be-in will tentatively be Belle Isle at the band shell. Bring all your grooviest things and friends. Bring things to share—food, flowers, incense, balloons, and love. Anyone who would like to donate some weather balloons, please contact Joe or Rose Anne Mulkey at 822-0041.
