Bad news! Two of the numeral codes given in the last issue of the FE [#289, January 24, 1978] for the 1978 Long Distance Credit Card Code were incorrectly reported to us by the Yippies and will not get your call through. The corrected numbers and corresponding letters are: 2-Z and 9-L. Send us a quarter for last month's paper if you want the entire code. Below are several Revenue Accounting Office codes which allow you to construct your own codes. Remember: never believe anything you read.
