

A Note to Readers

Fifth Estate Collective

1981

Things have a real roll on here at the *Fifth Estate* and believe it or not we may have the next issue to you in about six weeks. We had several articles left over from this issue and already have an anti-nuke special in mind for the next. Also, look for an announcement of an anti-nuke conference to be held at the Grinning Duck. Final note: Did Canadian subscribers receive our last issue dated July? If not, write us and we'll send it out.
