SACCO AND VANZETTI: The Anarchist Background by Paul Avrich

Rather than focusing on the robbery and murder at the shoe factory near Boston, Avrich tells in this new book the absorbing stories of the lives of Sacco and Vanzetti as Italian immigrants and anarchists. Beginning with their childhoods, he describes their lives as shoe worker and fish peddler, and examines the movement that defined them, that was indeed their world.

TERRORIZING THE NEIGHBORHOOD: American Foreign Policy in the Post-Cold War Era by Noam Chomsky

ACT FOR YOURSELVES by Peter Kropotkin

This book consists of a score of articles which Kropotkin contributed to the British anarchist paper Freedom from 1886 to 1907. He intended these articles to be collected as a book, but for various reasons this didn't happen at the time. It is only after a century that they are at last published as he wanted, with the title Act For Yourselves taken from one of them to express their message.

FREE WOMEN OF SPAIN: Anarchism and the Struggle for the Emancipation of Women by Martha A. Ackelsberg

Ackelsberg traces the efforts by Mujeres Libres to create an independent organization of and for working class women that would empower them to take their places in the revolution and in the new society. She argues that the anarchist analyses of domination and subordination and the centrality of notions of community can be important resources for contemporary feminists.

WHAT IS COMMUNIST ANARCHISM? by Alexander Berkman

A key text in the development of anarchist ideas first published in 1929. Berkman's relevance is found not so much in the originality as the clarity of his writing. Contains gripping accounts of the Haymarket Martyrs, the case of Mooney and Billings, of Sacco and Vanzetti, the tragedy of the Communist destruction of the Russian Revolution (to which Berkman was an eyewitness), and more.

MISINFORMATION & MANIPULATION: An Anarchist Critique on the Politics of AIDS by Joe Peacott

Argues that while it is a serious health problem, AIDS is not the plague that the mainstream press, government and AIDS organizations say it is. Most people are at little risk of HIV infection, this pamphlet contends, and not only is government activity not the solution, but eliminating government intervention from health care and our lives altogether is the best way to fight AIDS.

THE BRAVE COWBOY by Edward Abbey

The hero of this anarchist fable, Jack Burns, is a loner who refuses to accept the tyranny of the twentieth century. He rides his horse down the main street of Duke City and refuses to carry a draft card or any other form of identification. His stubbornness makes him intolerable to the forces of law and order that control the New West. "A minor classic of Western literature." (from the book jacket)

THE EDUCATION OF LITTLE TREE "A True Story" by Forrest Carter.

A funny, sad, culturally rich account of a Cherokee boyhood of the 1930s brings into focus the clash between folk life and modernity. The controversy over its authorship in some ways makes it even more intriguing (see article in News & Reviews).

FIELDS, FACTORIES AND WORKSHOPS TOMORROW by Peter Kropotkin

An anarchist classic out of print in England for over 50 years. "Here is a suppressed tradition of philosophy and politics, which, as Marxist and capitalist ideology disintegrate or ossify, more and more people will be wanting to consider." Peter Abbs in *The Ecologist*. "The ways that Kropotkin suggested, how (wo)men can at once begin to live better, are still the ways; the evils he attacked are...still the evils." P. Goodman'

ABC OF ANARCHISM by Alexander Berkman

First published in 1929, Berkman's work still remains one of the best introductions to the ideas of anarchism. Berkman was no mere theoretician, but a militant activist for much of his life. Berkman was a lifelong companion of Emma Goldman and served years in prison for political offenses. The book poses and then answers questions such as "Is Anarchy Possible?" and "Is Anarchism Violence?"

FACING WEST: The Metaphysics of Indian Hating & Empire Building by Richard Drinnon

From the first Puritan confrontation with Native Americans to the U.S. involvement in Vietnam, there have been two constants in American Policy and purpose. One is a racism that perceives non-whites as at once childlike inferiors and murderous savages. The other is a hunger for new land and economic markets over which to exert control. Drinnon examines the course of American expansion westward to the Pacific, then to the Philippines, and finally to Vietnam.

THE LAST DAYS OF CHRIST THE VAMPIRE by J.G. Eccarius

One of the most blasphemous books we have seen since the classics of sacrilege. The book jacket states: -His power grew over the ages.
