One of the resolutions adopted at the recent Students for a Democratic Society national convention in Ann Arbor under the heading of "Cultural Revolution" calls for SDS endorsement of and participation in the Provo Conference Tribal Gathering which is scheduled for the Fall.

New Left Notes, the official SDS newspaper, will also shortly be applying for membership in the Underground Press Syndicate (UPS). SDS is the largest student radical organization in the country and has draft resistance as its main program. Sample copies of *New Left Notes* or information about the group may be obtained by writing its headquarters at 1608 W. Madison, Chicago, Illinois.
