Playboy magazine's June Playmate of the Month, June Gibson, was convicted August 23 on a charge of prostitution in Hollywood, California.

The platinum-blond Miss Gibson was arrested in an apartment July 12 with another woman and a man. In the June *Playboy* story she said, "I am my own woman. I lead my life according to no social standards other than my own. A *Playboy* spokesman said he felt the bust (forgive pun) would not stain the girl-next-door image of the Playmates.

Miss Gibson is a part-time college student according to *Playboy* and a part-time hooker according to the fuzz. She plans an appeal.
