The *Fifth Estate* is a cooperative, non-profit, anti-authoritarian project published since 1965 by a volunteer collective of friends and comrades. We often hold divergent views on issues within this magazine, but all share an anti-authoritarian perspective, both as critique and vision. We also have a commitment to non-dogmatic, action-oriented writing and activity to bring about a new world.

As opposed to professionals who publish to secure wages, or those who invest in the media information industry, we produce this magazine as an expression of our resistance to an unjust and destructive society. No copyright. No paid staff. No advertisements.
