**Theme: A tribute to the radical imagination of Ursula K. Le Guin**

“We are going to inherit the earth. There is not the slightest doubt about that. The bourgeoisie may blast and burn its own world before it finally leaves the stage of history. We are not afraid of ruins. We who ploughed the prairies and built the cities can build again, only better next time. We carry a new world, here in our hearts. That world is growing this minute.”

– Durruti

The *Fifth Estate* is a cooperative, non-profit, anti-authoritarian project published since 1965 by a volunteer collective of friends and comrades. We are committed to non-dogmatic, action-oriented writing and activity to bring about a new world. As opposed to professionals who publish to secure wages, or those who invest in the media information industry, we produce this magazine as an expression of our resistance to an unjust and destructive society.
